TREC Affairs Department
Dhaka Stock Exchange PLC.

Date: November 2, 2025

Business Requirement Specification (BRS)

Every day, the TREC Affairs Department (TAD) receives a large volume of documents from various TREC Holder companies. With the advancement of the ICT sector, it has become feasible to provide most of these services online by accepting applications and supporting documents digitally.

Implementing such an online system would significantly reduce the handling of physical documents, enhance transparency, ensure faster service delivery, and improve record-keeping efficiency.

Some of these tasks are initiated by DSE and subsequently forwarded to BSEC for approval, while others are completed entirely within DSE. The tasks that fall solely under DSE's jurisdiction can be implemented more easily. Under this system, TREC Holder companies will submit their requests online, and approvals from DSE will be granted digitally—eliminating the need for issuing physical letters.

Primarily, TAD has prepared the BRS for the following tasks, which have no involvement with BSEC, for implementation in the TWS:

1. Allocation of TWS
2. Relocation of TWS
3. Suspension of TWS
4. Resumption of TWS
5. Withdrawal of Authorized Representative (AR)
6. Replacement of AR for Trading Workstation (TWS)
7. Updating Branch Manager / Compliance Officer in a Branch Office
8. Appointment of Authorized Representative (AR)

It is now proposed that these processes be digitally implemented through the existing online platform developed by DSE, enabling faster processing, improved transparency, and enhanced monitoring.

Tasks proposed under the Online Platform

Under this module, a TREC Holder company will have the following options:

- Apply online for allocation of new TWS
- Apply online for relocation of TWS
- Apply online for suspension of TWS
- Apply online for resumption of TWS
- Apply online for Withdrawal of Authorized Representative (AR)

- Apply online for Appointment of Authorized Representative (AR)
- Apply online for Replacement of AR for Trading Workstation (TWS)
- Apply online for Update of Branch Manager / Compliance Officer in a Branch Office
- Apply online for Update of Branch Manager / Compliance Officer in a Branch Office

The TREC Holder company will select the required option, provide the necessary information, and pay applicable fees (where required).

1. Apply Online for Allocation of New TWS

When a TREC Holder company selects "Apply Online for Allocation of New TWS", the system will display the following summary information:

Status	Broker TWS	Dealer TWS	iTrader TWS
Active	3	1	0
Suspended	0	0	0
Deactivated	3	0	0

If any TREC Holder company has one or more suspended TWS, it will not be allowed to apply for new TWS until all suspended TWS have been resumed.

Status of OMS Provider

1. DSE Hosted OMS
2. BHOMS

(The relevant information will be automatically fetched from the TMS database as maintained by the IT Division. Please create an information field in the TMS for this purpose.)

Fee Structure for TWS Allocation

For DSE Hosted OMS:

Phase	No. of TWS	Fee per TWS (BDT)
Phase 01	01–10	5,000
Phase 02	11–20	10,000
Phase 03	21–25	25,000
Phase 04	26 & above	30,000

For BHOMS:
No fee required (proposed).

Application Form Fields

The system will allow adding multiple rows for multiple TWS allocations.

Field	Description
TWS Number	Auto-generated based on total number of previously issued TWS (including suspended TWS)
Authorized Representative (AR)	Dropdown list of available ARs (not currently assigned)
Office Name	Dropdown list of offices under the respective TREC Holder company
Fee	Automatically calculated as per fee structure
Bank Information	Virtual account number (auto-fetched for each TREC)
Upload Document	Proof of payment
Other Information	As required by the IT Division
Submit Button	To finalize the application with OTP

Note: Each TREC already has a unique virtual account number, which needs to be entered into the TMS database. The TAD will input this information to enable the system to automatically retrieve and display the relevant bank details during fee submission.

Authentication and Submission
Before final submission, the application must be verified via OTP, sent to the registered email or mobile number.
Upon submission:

- The application will appear on the TAD dashboard.
- TAD will examine the application and verify payment details with the Finance Department.
- If found satisfactory, TAD will forward the request to the IT Division by clicking the "Approve" button.
- If any issue is identified, the application will be rejected and returned to the TREC Holder company with remarks.

Once the allocation is completed:

- An automated email notification will be sent to the respective TREC Holder company.
- The system will automatically update the TWS creation date along with number of TWS of the company, assigned AR and office location.
- A notification board on the TREC Holder's dashboard will display the TWS creation details for reference.

---

2. Apply Online for Relocation of TWS

When a TREC Holder company selects "Apply Online for Relocation of TWS", the system will display a list of active and suspended TWS assigned to the company, along with their current office locations.

| TWS Name | Office Location | Office Type | AR Name | Click for Relocation |

Upon clicking the Relocation button, the following fields will appear:

Field	Description
TRDR number (auto-fetched	Existing office of TWS (auto-fetched)
Select Proposed Office	Dropdown list of available offices under the same TREC Holder company
Select AR	Default existing AR (with dropdown list of available ARs not currently assigned)
Fee	1,000 (may be revised or discontinued in the future)
Bank Information	Virtual account number (auto-fetched for each TREC)
Upload Document	Proof of payment
Other Information	As required by the IT Division
Submit Button	To finalize the application with OTP

Validation Rules:

- For branch offices, a TREC Holder company must maintain at least two (2) TWS. Any application that reduces the number of TWS below this minimum will not be accepted.
- No restriction applies to other office types.
- If relocation/shifting results in an office having no active TWS, a new field will appear asking whether the company intends to:
    - Continue operating the office, or
    - Close the office.
      In case of closure, the system will prompt the user to submit an office closure application.

Workflow:

1. The TREC Holder company submits the relocation request online with supporting documents.
2. The request appears on the TAD dashboard for examination.
3. After reviewing and verifying the information, TAD forwards the request to the IT Division by clicking "Approve".
4. The IT Division executes the relocation, completes the required updates, and marks completion in the system.
5. An automatic email notification is sent to the TREC Holder company, and the updated office information appears in the TWS record and notification board.

3. Apply Online for Suspension of TWS

When a TREC Holder company selects "Apply Online for Suspension of TWS", the system will display a list of all active TWS eligible for suspension.

| TWS Name | Office Location | Office Type | AR Name | Click for Suspension |

Upon clicking the Suspension button, the following fields will open:

Field	Description
TWS Number (selected for suspension) auto-fetched	Office of the TWS- auto-fetched
Reason for Suspension	Dropdown list (e.g., temporarily inactive, office renovation, AR resignation, etc.)
Effective Date of Suspension	Date field (required)
Submit Button	To finalize the application with OTP

Validation Rules:

- For branch offices, a TREC Holder company must maintain at least two (2) TWS. Any application that reduces the number of TWS below this minimum will not be accepted.
- No restriction applies to other office types.
- If suspension results in an office having no active TWS, a new field will appear asking whether the company intends to:
    - Continue operating the office, or
    - Close the office.
      In case of closure, the system will prompt the user to submit an office closure application.

[In case of any TWS left unassigned to an Authorized Representative or assigned with an Authorized Representative with expired Reg. Certificate date, the system will prompt the user to submit a TWS suspension application.]

Workflow:

1. The TREC Holder company submits the suspension request online.
2. The application appears on the TAD dashboard for review.
3. TAD examines the request and forwards it to the IT Division upon approval.
4. The IT Division executes the suspension and updates the system.
5. An automated email notification confirms the suspension.
6. The TWS status changes from Active to Suspended, with the effective date recorded in the system.

4. Apply Online for Resumption of TWS

When a TREC Holder company selects "Apply Online for Resumption of TWS", the system will display a list of suspended TWS under that company.

| TWS Name | Office Location | Office Type | AR Name | Click for Resumption |

The company will select which TWS to resume.

Field	Description
Selected TWS for resumption auto-fetched	Existing office of the TWS- auto-fetched
Authorized Representative (AR)	Dropdown list of available ARs (not currently assigned)
Select Office (if relocation required)	Dropdown list of company offices
Fee	500 for resumption and 1,000 for relocation (may be revised or discontinued in the future)
Bank Information	Virtual account number (auto-fetched for each TREC)
Upload Document	Proof of payment
Other Information	As required by the IT Division
Submit Button	To finalize the application with OTP

Workflow:

1. The TREC Holder company submits the resumption request online.
2. The application appears on the TAD dashboard.
3. TAD reviews and verifies the supporting documents, then forwards the request to the IT Division through the system by clicking "Approve".
4. The IT Division resumes the TWS and updates the system records.
5. An automated email notification is sent to the TREC Holder company confirming the resumption.
6. The TWS status changes from Suspended to Active, and the resumption date and updated information appear on the company's notification board.

---

5. Apply Online for AR Withdrawal

When a TREC Holder company selects "Apply Online for Authorized Representative Withdrawal", the system will display a summary of its AR and TWS status as follows:

TREC No.	Total Active TWS	Total Active AR
01	04	06

Note:
If a TREC Holder company does not have at least one extra (unassigned) AR, the withdrawal application process will be restricted, and the system will automatically convert the option to "Apply Online for AR Withdrawal and Suspension of TWS."

Upon clicking the "Withdrawal" button, the following fields will appear:

Field	Description
Name of Authorized Representative	Name of Authorized Representative (AR) selected for withdrawal
BSEC Registration No.	Auto-filled upon AR selection.
TWS Name (if currently assigned)	Auto-filled with the assigned TWS name. If not assigned, "No TWS" will appear.
Replacement AR (if assigned TWS)	Dropdown list of available (unassigned) ARs for replacement. • If no replacement AR is available, the company must select the "Suspend TWS" option. In such cases, the application will be treated as "AR Withdrawal with TWS Suspension."
Additional Role Information	Checkbox or dropdown to indicate whether the AR serves as a Branch Manager or Compliance Officer. • If "Yes," the company must provide the replacement details before submission. Otherwise, the application cannot proceed.
Submit Button	To finalize the application with OTP.

1.3 Validation Rules

1. The AR may have Active, Inactive, or Suspended status for withdrawal.
2. If the AR is assigned with a TWS, the company must replace the AR with another valid AR.
   - If no replacement AR is available, the withdrawal must be submitted together with a TWS suspension request.
3. If the AR serves as a Branch Manager or Compliance Officer, the company must appoint a replacement before submitting the withdrawal application.

Workflow for AR Withdrawal

1. Submission:
   - The TREC Holder company submits the withdrawal request online through the portal.
2. Review:
   - The request appears on the TREC Affairs Department (TAD) dashboard for review and verification.
3. Approval:
   - Upon verification, TAD approves the request by clicking the "Approve" button in the system.
4. System Update:
   - The AR's status changes from Active/Inactive to Withdrawn.

- The system updates the replacement AR in TWS, if applicable.
- If no replacement is available, the TWS is suspended.
- The withdrawal date and updated information automatically appear on the company's notification board.

5. Dissemination:
   - An automated email is sent to the Market Operations Department for dissemination of the withdrawal notice through the Trading Monitor and DSE website.

---

6. Apply Online for Appointment of Authorized Representative (AR)

Step 1: Entry of Personal Information. When a TREC Holder company selects "Apply Online for Appointment of Authorized Representative (AR)", the system will open the Add TREC Personnel data entry form, where the applicant must fill in all required information and upload the necessary documents. Please add NID upload option to the existing fields.

Once all required personal data and documents are provided, the system will prompt the applicant to proceed to the BSEC Registration Details section.

Step 2: Entry of BSEC Registration Details

The applicant will provide information regarding his/her **BSEC Registration Certificate** as an Authorized Representative:

Sl. No.	Particulars	Details	Upload / Action Required
1	BSEC Registration No.	Text field	—
2	BSEC Registration Date	Date field	—
3	Registration Expiry Date		
4	License Type	Select from dropdown list: *Original / Duplicate / Re-issued*	
5	Upload Registration Certificate	—	Upload scanned copy (PDF/JPG)

Step 3: Information Regarding Appointment as Authorized Representative

The TREC Holder company must provide details of the appointment, previous employment (if applicable), and supporting documents.

Particulars	Description	Upload / Action Required
Appointment Letter issued by TREC Holder Company	Date of issue	Upload scanned copy of appointment letter
Date of Joining	Date of joining	Upload scanned copy of joining letter acknowledged by the company
Date of Withdrawal from Previous Company	Date when withdrawal notice was published	Upload screenshot of publication/news on DSE/CSE website
Name of the TREC Holder Company last worked as AR	Select from dropdown list (DSE TRECs). If *CSE TREC*, select "Others" and input manually.	—
Release Letter from Previous TREC Holder Company	Date of release	Upload scanned copy of release letter
Deed Agreement with Broker/Dealer	(a) Date of Agreement (b) Duration (auto-filled: 5 years)	Upload attested copy executed on Non-Judicial Stamp of BDT 300
Notarized Affidavit with Notarial Certificate	—	Upload attested copy executed on Non-Judicial Stamp of BDT 300
Guarantee & Undertaking	—	Upload attested copy executed on Non-Judicial Stamp of BDT 300
Latest CV	—	Upload signed and scanned copy
Educational Certificates	—	Upload scanned copies
Certificate of Non-Punishment (BSEC, DSE & CSE)	Signed by TREC Holder Representative	Upload scanned copy
Declaration by Authorized Representative	Signed by AR	Upload scanned copy

Step 4: Fee and Submission

Field	Description
Fee	BDT 1,000
Bank Information	Virtual account number (auto-fetched for each TREC)
Upload Document	Proof of payment
Submit Button	To finalize application via OTP verification

Upon successful OTP authentication, the application will be submitted and reflected on the TAD Dashboard for review.

Step 5: Process at DSE End

Step 1 – Receipt and Verification of Documents

- The Desk Officer of TAD will review the submitted application and verify the completeness and authenticity of all uploaded documents.

Step 2 – Approval and Record Update

- Upon successful completion of the interview and document verification, DSE will approve the appointment in the system.
- The approval date will be recorded automatically.

Step 3 – System Updates and Notifications

Upon approval:

1. The system will record the individual as an Authorized Representative (AR) of the respective TREC Holder company.
2. An automated email notification will be sent to the TREC Holder company confirming the registration and record update.
3. The system will update the DSE database in the TMS (TREC Management System) accordingly.
4. The newly appointed AR's details will appear on the TREC Holder dashboard under *Active AR List*.

---

7. Apply Online for Replacement of AR for Trading Workstation

When a TREC Holder company selects "Replacement of AR for Trading Workstation", the system will display a list of all active ARs as follows:

| TWS Name | Office Location | Office Type | AR Name | Click for Change |

Upon clicking the Change button, the following fields will open:

Field	Description
Name of Existing AR	Auto-filled
BSEC Registration Number	Auto-filled
TWS Name	Auto-filled.
Status of Office	Auto-filled (Head Office, Branch Office, Extension Office, or Digital Booth).
Office Address	Auto-filled.
Name of Replaced Authorized Representative (AR)	Select from dropdown list.
BSEC Registration Number	Auto-filled.

Additional Role Information	Indicates whether the Authorized Representative (AR) serves as a **Branch Manager (BM)** or **Compliance Officer (CO)**. **System Logic:** • If **"No"** → Application allowed. • If **"Yes"** and the BM/CO role is in the **same office** → Application allowed. • If **"Yes"** but the BM/CO role is in a **different branch office** → Application **not allowed**.
Effective Date of Shifting	Required date field.
Submit Button	To finalize the application with OTP.

Validation Rules

1. The selected AR may serve as Branch Manager or Compliance Officer of that office, but cannot hold such positions in another office.
2. The replacement AR must be Active (not Inactive or Suspended).
3. The system should allow switching between ARs.
    - Example:
        - Mr. X operates TWS-1 and Mr. B operates TWS-2.
        - If both are to exchange their TWS assignments, the system should allow this with an effective date of change.

Workflow

1. The TREC Holder company submits the AR Shift request online.
2. The request appears on the TAD dashboard for review.
3. TAD examines and updates the system accordingly.
4. The AR's new assignment and effective date are recorded in the system.
5. A system-generated notification is sent to the concerned TREC Holder company.

---

8. Apply Online for Updating Branch Manager and Compliance Officer

When a TREC Holder company selects "Apply Online for Updating Branch Manager and Compliance Officer", the system will display a list of all branch offices and their current BM/CO details as follows:

| Branch Name | Office Location | Existing Branch Manager (Click for Change) | Existing Compliance Officer (Click for Change) |

Upon clicking the Change button, the following fields will appear:

Field	Description
Name of Existing BM/CO	Auto-filled.

TREC Affairs Department
Dhaka Stock Exchange PLC.

Branch Office Address	Auto-filled.
Select New BM/CO	Select from dropdown (Personnel List).
Is the BM/CO an Authorized Representative?	Yes / No option.
If Yes:	
– BSEC Registration Number	Auto-filled.
– TWS Number (if any)	Auto-filled.
– TWS Location	Auto-filled. If the TWS location differs from the branch office address, the appointment will not proceed.
If the name is not in the system	The company must provide full particulars and upload NID, photograph, and CV.
Date of Appointment in the Company	Upload appointment letter.
Effective Date of Appointment as BM/CO	Date field (required).
Reason for Change	Dropdown: Not in service / Transferred / Other.
Submit Button	To finalize the application with OTP.

Workflow

1. The TREC Holder company submits the BM/CO change request online.
2. The request appears on the TAD dashboard for review.
3. TAD verifies and updates the system accordingly.
4. The new BM/CO details, along with the effective date, are recorded in the system.
5. A notification is automatically sent to the concerned TREC Holder company.

The matter is placed for approval and for forwarding to the MIS and Development Department for development of the online application submission module by TREC Holder Companies and approval by DSE within the existing TWS. During the system development process, the TAD will provide necessary clarifications regarding the requirements and functionalities.
