DSE'S Employees Promotions 2019-2021-2022 & Some Contexts & Changes

Tarique A Bhuiyan
Managing Director
August 22, 2022

Disclosures!

Firstly, I sincerely apologize for the delay in the announcement by few weeks that I promised to you all during the last Town Hall meeting. Besides, we all know that staff promotions have been due for 3 years now considering FY 2021-22 has also ended.

Despite the delay, please be rest assured no one lost any day as far as the due date of promotion is concerned. However, like any year, as per policy, we could only promote 15% per year though we have collectively looked for 45% staff for promotions and it may not be exactly 15% per year. We believe we have been very un-biased and only those have been selected who deserved such promotions considering mainly performances and in some cases also considering experiences and role enlargements or changes.

Tarique A Bhuiyan
Managing Director

When would be the next overall “Grading” adjustments?

- Any organization should go through grade & scale adjustments once the organizational base and volume increases to a certain level – normally every 4-6 years or so.
- However, at DSE, we don’t have any Grades for those above GMs – and those are at DGM / GM levels, their job profiles have increased a lot as DSE grew a lot during the last 7-10 years!
- So, to which grades or levels do we promote these GMs and DGMs?

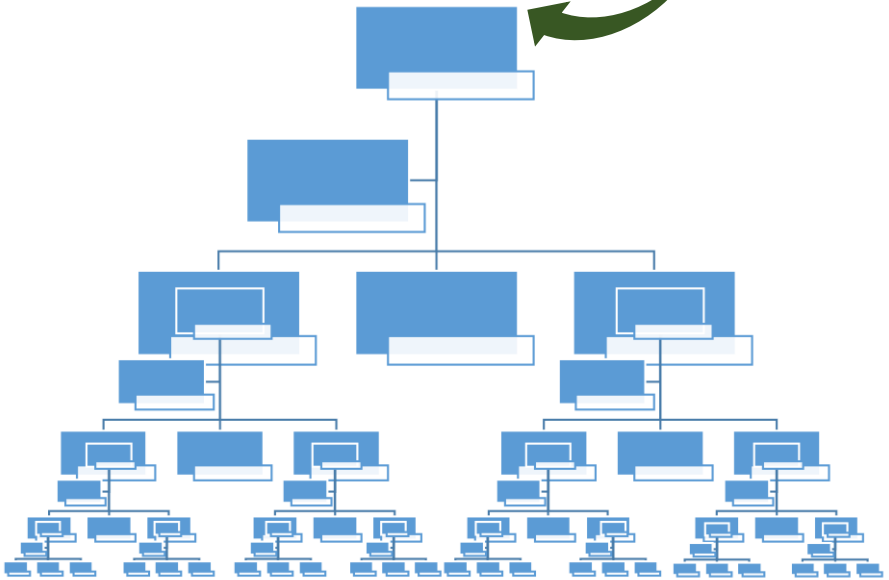
- Similarly:
  - “CXO”s are designations and not job grades or levels and all CXOs are not equal.
  - “Head of Division XYZ”s are designations and job grades or levels and all Heads are not equal.
  - For example: “Chief of Armed Staff” is a designation but Lieutenant General or General are job grades or levels. Another example: “Dean of a Faculty” is a designation but Professor or Assoc. Professor are grades or levels.
- So, we need to assign Job Grades or levels for DSE’s senior and top management and also decide how we differentiate between one’s Job Grade/Level as opposed to one’s Designation.
  - For example: AGM is a job grade and not a designation whereas “Head of Division XYZ” or “Principal Analyst” or “Senior Software Engineers”, etc. are job designations.

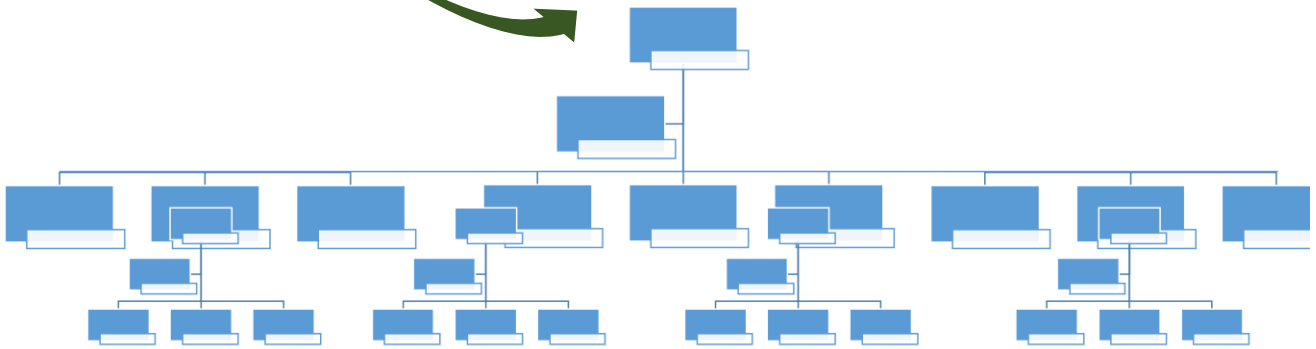
- **So, there will be few changes coming to DSE – but what are these changes?**

Changes to some HR practices of DSE

Changes to DSE's Organization Structure

- DSE's Organogram is too TALL… it needs to be more FLAT!

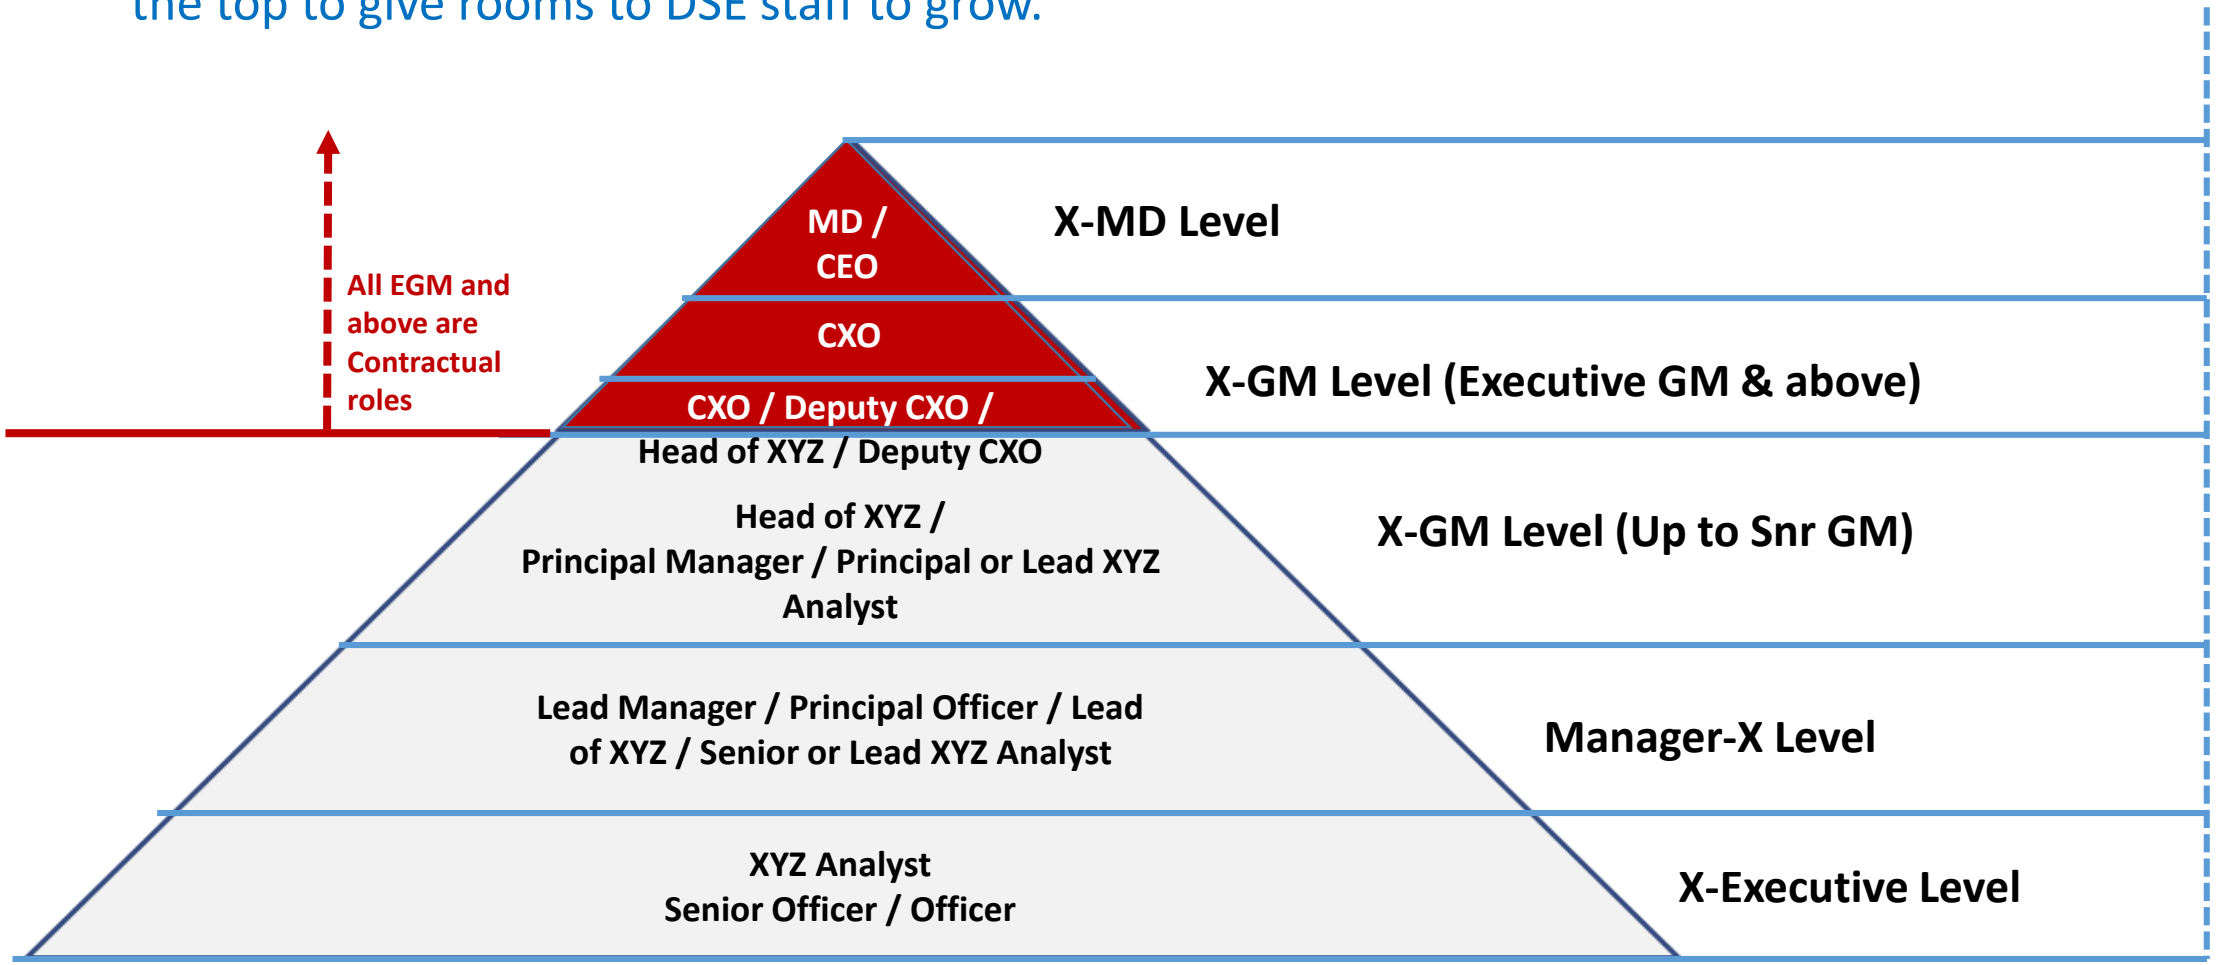




Notes: As you may have noticed, we have created 3 new divisions: ERM or Enterprise Risk Management, SPM or Strategy and Program Management and PMD or Products and Markets Development. This way, our organogram has become flatter. There will be few more changes though in the future. Our organogram needs to reflect our strategic intents – otherwise even if we have a solid strategy, we won't be able to implement our strategies properly.

Changes to DSE's New Hierarchies – Levels & Roles

- DSE is also very bottom-heavy – we need reduce a level at the bottom and increase levels at the top to give rooms to DSE staff to grow.



Revised Job Grades & Promotions contexts

Job Grade and its equivalent / corresponding Job Title:

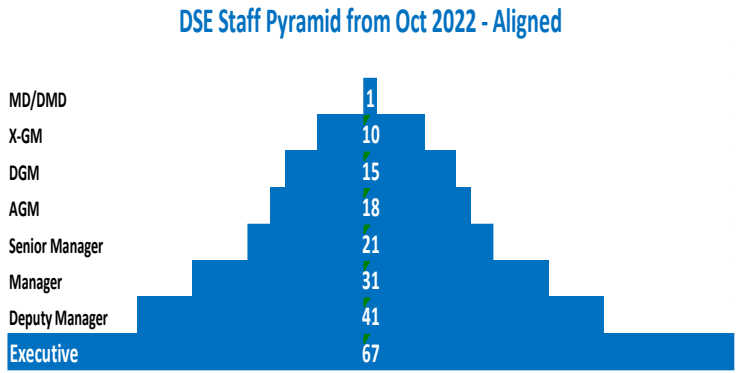
- ❑ MD / CEO
- ❑ SEGM (Senior Executive GM) : DMD / CXO
- ❑ EGM (Executive GM) : CXO / Deputy CXO / Head of XYZ
- ❑ SGM (Senior GM) : Head of XYZ / Deputy CXO
- ❑ GM (General Manager) : Head of XYZ / Senior Principal Manager
- ❑ DGM : Head of XYZ / Principal Manager / Principal XYZ Analyst
- ❑ AGM : Principal XYZ Analyst / Lead Manager / Lead XYZ Analyst
- ❑ Snr Manager : Lead XYZ Analyst / Principal Officer / Senior XYZ Analyst
- ❑ Manager : Principal Officer / Senior XYZ Analyst
- ❑ Deputy Manager : Principal Officer / Senior XYZ Analyst
- ❑ ~~Senior Executive~~ → This level will no longer exist!
- ❑ Executive : Officer / XYZ Analyst

Notes:

- ❑ We have now removed the Senior Executive level – this means that all staff sitting at Senior Executive level will automatically become Deputy Manager.
- ❑ This also means those who are identified for promotions from Executive to Senior Executive will also become Manager.
- ❑ Now, this may create some discontents amongst few Senior Executives and current Deputy Managers as they will suddenly see few Managers and Senior Executives (respectively) are at par with them. We will also address this issue.
- ❑ To address this, we assessed using DSE Staff Pyramid (see below). As you can see, after the promotions, if we draw a data graph using the staff at various levels, you will see that the graph doesn't look like a pyramid and ideally the staff distribution by levels should be pyramid-shaped. To make it pyramid-shaped, we had to increase the numbers of those in Senior Manager levels and at Manager level – and that number is 6.
- ❑ This means, we still need to promote 6 staff from Deputy Manager to Manager and another 6 staff from Manager to Senior Manager. This will be via open competition though the MD reserves the right to promote a few by default based on their current role, i.e. if their roles have already grown bigger and they should be at Senior Manager or at Manager levels already. For the rest, promotions will be via open competition (only those who meet the criteria) similar to what we go through for new recruitment.
- ❑ We believe this is a fair proposition that should remove all discontents.

DSE Staff Pyramid

	From Oct 2022	Now, Aug 2022
MD/DMD	1	1
X-GM	10	10
DGM	15	15
AGM	18	18
Senior Manager	21	15
Manager	31	31
Deputy Manager	41	47
Executive	67	36
	204	173



Final number & List of Promotions

- Since we are already into Aug 2022, what we decided that we will be promoting considering the last 3 Financial Years since 2019-20 – this gives us 45% of all staff (eligible for promotions). However, since we haven't completed the performance appraisals for FY 2021-22, we decided to use up the 15% quota for promotions for that year (note: while appraisals will be done for staff, however, it will be used only for salary increments). That gives us 44% of all staff that should get promotions.
  - DSE has now 254 staff eligible for promotions.
  - 45% of 254 = 114.3 = ~114, i.e. we may promote maximum 114 persons.
- We are going to promote as follows:
  - From GM to Senior GM – will be announced soon
  - From DGM to GM – 3
  - From AGM to DGM – 3
  - From Senior Manager to AGM – 19
  - From Manager to Senior Manager – 15
  - From Deputy Manager to Manager – 29
  - From Senior Executive to Deputy Manager – All (as this level will be removed)
  - From Executive to Senior Executive to Deputy Manager – 10 (as Snr Executive level will be removed)
  - From junior Executive to Executive – 6
  - From Sr Office Asstt to Junior Executive – 1
  - From Office Asstt to Snr Office Asstt – 2
  - From Junior Office Asstt to Office Asstt – 1
  - From GSS/Guard to Junior Office Asstt – 6
  - Total Number of Promotions = 95
  - Remaining to be Promoted – 19 (of which 6 will be promoted from Deputy Manager & Manager to Manager and Senior Manager levels respectively, totaling 12 and another 2 has been reserved for promotions from GM to Senior GM level which will be announced soon). Another 5 is reserved for additional promotions as of July 1, 2022 if there are any deserving candidates post performance appraisals completion for 2021-22.
  - The Final List of Promotions will be attached as a separate PDF document.

Thank You All.
