Part - 2	Performance Appraisal

(To be completed by the Appraisee and reviewed by the Supervisor)

Appraisal of Achievements Against Key Objectives / Key Performance Indicators

Rating scale:

Outstanding : 5 (Achieved all KPIs and substantially exceeded expectations);
Good : 4 (Achieved all objectives);
Fair : 3 (Achieved objectives in general but shortfalls observed in achievement of the major KPIs);
Acceptable : 2 (Achieved objectives partially and needs improvement);
Poor : 1 (Performance has been poor throughout and found unsuitable for the assigned job role).

SL	**Key Objective / KPI** (indicate according to persons specific job/task assigned at the beginning of the year/date of posting)	**Achievement Against Objectives** (Comments in detail as to performance against each KPI) *(Use additional page, if required)*	**Performance Rating**
1	ERP Budget Module	• Analyzed business requirements and participated in database design. • Designed and developed frontend and backend functionalities for budget submission, modification, verification, approval, rejection, and budget history management.	
2	ERP Change Management	• Upgraded file and image management by implementing a file server solution, eliminating the reliance on relevant paths of projects. This enhancement not only improves maintainability but also enhances security. • Address reported bugs and issues by conducting thorough debugging, identifying root causes, and implementing appropriate fixes.	
3	RBCA Change Management	• Prepared comprehensive cost estimation documentation • Implemented frontend and backend functionalities along with schema design to facilitate the RBCA version update for new stakeholders.	
4	ERP Maintenance and Support	• End user support, Error log Monitoring, Database Security Operations monitoring. • SSL Certificate Maintenance	
5	RBCA, CCA, MCD Maintenance and Support	• Provided end user support for tasks such as user creation, password and email updates, user unlocking, and role management. • Implemented automated database backup configuration in Linux environment.	
Overall Rating (average of all ratings):
